ELECTION DAY **Tuesday, November 5, '57**

Within a few short weeks all *interested* registered voters of San Francisco will head for the election polls to cast their "yes" or "no" votes on the submitted propositions. In all elections, come fair or foul weather, there is a certain group of voters who get out and cast their "no" votes. Experience has disclosed that this "negative" approach group has a large membership and that their votes have been overwhelmingly against charter amendments that would improve our working conditions.

Your Campaign Committee which feels the pulse of the voters cannot do your voting for you. Their job is to work up support for improvements in our working conditions as best as they can. The final job—VOTING—falls on you, your families, relations, friends and acquaintances. Unless you do your job—(getting them ALL out to vote "yes" on the measures that improve your working conditions)—you will be joining with the "negative" approach group.

Tuesday, November 5th is a local election day. There are two measures that affect only the active members of

our department; namely, PROPOSITION "L" (improvements in our retirement system) and PROPOSITION "I" (solo motorcycle hazard pay).

It is not enough for you to contribute the small amount asked for the furtherance of the retirement amendment and then sit back on your best relaxing position and expect a winner. No, YOU, the next man, and the next, MUST make yourselves one-man committees to campaign for the successful passage of the measures.

In addition to the above there are two other propositions which affect policemen: PROPOSITION "M" which would provide the lower paid retired policemen with a small increase in their retirement pay; and PROPOSITION "K" which affects ALL city employees and which, on passage, would ease the financial payments of the members of the Health Service System by having the city contribute towards the operation of the System.

MEMBERS: YOU HAVE THE BEGINNING OF THE ELECTION STORY. ITS SUCCESSFUL CONCLUSION RESTS ON YOUR SHOULDERS.

SFPD Federal Credit Union News

How hard is your money working for you? Is it dragging its heels at 2½ or 3 per cent, or is it really producing at 4 per cent. Do you have life insurance based on your savings up to \$2000.00? Is your money invested in something very substantial, or is it speculative?

If you cannot answer all these questions favorably, then it's high time you listened to the credit union story.

For the man with a substantial sum, consider this:

In a recent Saturday Evening Post, financier Bernard Baruch had this to say about the stock market—"Many people believe that the stock market is influenced by such things as fear of war, hope of peace, etc. This is not so. The stock market is controlled by how these things affect thousands of people. The stock market is people. How they feel about current events determines whether the market will rise or fall."

Do you feel that stocks are a safe and secure place to put your money, knowing that the value of your investment may go down tomorrow merely because thousands of unknown individuals are jointly worried about a certain situation? Or would you rather invest your money in your own credit union where you and your fellow credit union members jointly set the rate of dividend and where, ever since the credit union's organization, a consistent 4 per cent dividend has been paid? Wouldn't you feel safer investing in a constantly growing organization, one that has written nearly three

million dollars in loans since its inception and has current loans outstanding of over one million dollars?

For the man with a moderate amount, consider this:

Do you have enough life insurance now to properly care for your family? Are you aware that every dollar you deposit in the credit union (before age 55) up to \$2000.00 will be matched in insurance free of charge should anything happen to you? Have you considered a planned program of systematic savings to prepare a college fund for your children? Consider the ease of payroll deduction—what you don't see, you don't miss. Come in and let us help you establish a solid planned program of saving.

For the man with no money at all, consider this:

Has it been difficult for you to start saving money? Does that paycheck vanish as soon as you cash it? Well, now is the time. Take that pay raise you just got. Sign up under payroll deduction for as little as a pedro a payday. Soon you will have a comfortable amount laid aside to take care of those emergency bills that have been pushing you into the hole for months. Have money available to take advantage of those good deals you have always been falling into and then not had the cash to swing.

There's our story. Plenty of money, some money, no money. No matter what your situation is, your credit union can help you to save and earn at the same time.

Laws of Arrest Revised

On the final day of the legislative session the Senate passed a bill revising the Laws of Arrest. It was signed by the Governor on July 11th and will become law 90 days subsequent to the close of the State Legislature.

For your information we publish the revision below. We call your attention to Section 5 which outlines our false arrest clause. Mark it well.

Our information was received from the Office of the Attorney General.

In its entirety the changes and revisions read as follows:

Assembly Bill No. 1857

An act to amend Sections 835, 836, 841, 842, 847, 849, 850 and 851 of, and to add Sections 833, 834a and 835a to the Penal Code, relating to the law of arrest.

The People of the State of California do enact as follows:

SECTION 1. Section 835 of the Penal Code is amended to read:

835: An arrest is made by an actual restraint of the person, or by submission to the custody of an officer. The person arrested may be subjected to such restraint as is reasonable for his arrest and detention.

SECTION. 2. Section 836 of said code is amended to read:

836. A peace officer may make an arrest in obedience to a warrant, or may, without a warrant, arrest a person:

1. Whenever he has reasonable cause to believe that the person to be arrested has committed a public offense in his presence.

2. When a person arrested has committed a felony, although not in his presence.

3. Whenever he has reasonable cause to believe that the person to be arrested has committed a felony, whether or not a felony has in fact been committed.

SECTION 3. Section 841 of the Penal Code is amended to read:

841. The person making the arrest must inform the person to be arrested of the intention to arrest him, of the cause of the arrest, and the authority to make it, except when the person making the arrest has reasonable cause to believe that the person to be arrested is actually engaged in the commission of or an attempt to commit an offense, or the person to be arrested is pursued immediately after its commission, or after an escape.

SECTION 4. Section 842 of said code is amended to read:

842. An arrest by a peace officer acting under a warrant is lawful even though the officer does not have the warrant in his possession at the time of the arrest, but if the person arrested so requests it, the warrant shall be shown to him as soon as practicable.

SECTION 5. Section 847 of the Penal Code is amended to read:

847. A private person who has arrested another for the commission of a public offense must, without unnecessary delay, take the person arrested before a magistrate, or deliver him to a peace officer. There shall be no civil liability on the part of and no cause of action shall arise against any peace officer, acting within the scope of his

authority, for false arrest or false imprisonment arising out of any arrest when:

(a) such arrest was lawful or when such peace officer, at the time of such arrest had reasonable cause to believe such arrest was lawful; or

(b) When such arrest was made pursuant to a charge made, upon reasonable cause, of the commission of a felony by the person to be arrested; or

(c) When such arrest was made pursuant to the requirements of Penal Code Sections 142, 838 or 839.

SECTION 6. Section 849 of the Penal Code is amended to read:

849. (a) When an arrest is made without a warrant by a peace officer or private person, the person arrested, if not otherwise released, must, without unnecessary delay, be taken before the nearest or most accessible magistrate in the county in which the offense is triable, and a complaint stating the charge against the arrested person, must be laid before such magistrate.

(b) Any peace officer may release from custody, instead of taking such person before a magistrate, any person arrested without a warrant whenever:

(1) He is satisfied that there is no ground for making a criminal complaint against the person arrested. Any record of such arrest shall include a record of the release hereunder and thereafter shall not be deemed an arrest but a detention only.

SECTION 8. Section 851 of the Penal Code is amended to read:

851. Every officer causing telegraphic copies of warrants to be sent, must certify as correct, and file in the telegraph office from which such copies are sent, a copy of the warrant, and must return the original with a statement of his action thereunder.

SECTION 9. Section 833 is added to the Penal Code, to read:

833. A peace officer may search for dangerous weapons any person whom he has legal cause to arrest, whenever he has reasonable cause to believe that the person possesses a dangerous weapon. If the officer finds a dangerous weapon, he may take and keep it until the completion of the questioning, when he shall either return it or arrest the person. The arrest may be for the illegal possession of the weapon.

SECTION 10. Section 834a is added to the Penal Code, to read:

834a. If a person has knowledge, or, by the exercise of reasonable care, should have knowledge, that he is being arrested by a peace officer, it is the duty of such person to refrain from using force or any weapon to resist such arrest.

SECTION 11. Section 835a is added to the Penal Code, to read:

835a. Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance.

A peace officer who makes or attempts to make an arrest need not retreat or desist from his efforts by reason of the resistance or threatened resistance of the person being arrested; nor shall such officer be deemed an aggressor or lose his right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance.

Report of N.C.P.A. Conference

The 5th Annual Conference of the National Conference of Police Associations held here at the Mark Hopkins Hotel was successfully concluded on July 11th.

Delegates from over 30 police associations met to discuss mutual problems and hear an address by Dr. Wermel, an economist from Los Angeles, on Social Security.

Social Security is now more than ever a threat to municipal retirement systems. The pros and cons of it were

thoroughly discussed. When a motion was made and seconded to renew the stand against inclusion of policemen in the O.A.S.I. program every delegate except the New York City delegate voted for the motion.

A resolution was written by the conference restating the desire to remain as we are at this time.

Many men feel that Social Security could be integrated with the retirement that they now work under. If there

PAY INCREASE. The salary ordinance providing for a \$27 per month increase in salary for patrolmen in the highest salary bracket and a 5½% increase for all others was passed for second reading by the Board of Supervisors on July 15th. The increase will probably be reflected in the August 15th paycheck. Another check covering the periods in July will likewise be forthcoming by mid-August.

SOLO MOTORCYCLE PAY. Secretary Hegarty reported that he and Bros. Williams and Cummins (Motorcycle Detail) appeared before the Police Commission on behalf of the proposed charter amendment affecting hazard pay of solo motorcycle officers. After clarification was made on several points the Association was authorized to proceed towards having the measure placed on the November 1957 ballot.

SICK COMMITTEE: Chairman Weiner reported that the matter of having plug-in type telephones provided for bed patients of Ward #1 was being looked into. This will be reported on at the August 20th membership meeting.

HEALTH SERVICE COMMITTEE. Committee Robert Mattox (Richmond) reported that the new make-up of the Health Service System Board is making progress. Harmony is prevailing.

BLOOD BANK COMMITTEE. Secretary Hegarty reported that as directed by the meeting of last month he had referred back to the minutes of the meetings wherein the blood bank was set up and ascertained that the blood bank was for the members of the department and their immediate families.

Motion passed giving the blood bank committee full power to act in the handling of the blood bank. Passed.

REHABILITATION FUND. Chairman Vogelsang appointed 2nd Vice President Sol Weiner as chairman of the Rehabilitation Fund. Bro. Weiner to add four more members to his committee. The purpose of this committee is to lend financial assistance to members who are off the payroll because of sickness. The committee will draw up plans for the operation of the fund, submit it to the Board of Directors for their action, and then finally go to the membership for pleasure.

EXTENSION 4/12 AND 12/8 WATCHES. Bro. Weiner reported that a com-

munication from the committee had been sent to the Police Commission requesting permission to meet with Consultant Bruce Smith for the purpose of obtaining his ideas and observations in the matter of changing of watches in other communities. The committee was advised that such a meeting was not possible and was requested to await the completion of Mr. Smith's survey.

BOARD OF DIRECTORS. Bro. Gardner requested that a study be made towards replacing the present Board of Directors with the officers of the Association plus five directors to be selected from the membership at large. Present board is too cumbersome; does not have the effect expected of it; some members never attend meetings. The matter was ordered referred to the Constitution and By-Laws Revision Committee.

REDUCTION IN RETIREMENT BOARD CONTRIBUTIONS.

See article elsewhere in this paper.

ADJOURNMENT:

The meeting adjourned at 10:00 p.m. after a moment's silence in honor of our departed brothers. Refreshments were served by Bros. Getchell and Bertelsen (Taraval) after adjournment.

Retirement Changes

In your pay warrants received in the last few pay periods you may have noticed a change in the contribution rate toward your retirement. If you noted change you were correct. The contribution rate has been lowered and the interest on your money increased.

Retirement Board Chairman Bill Murphy explained that due to the longevity of retired men it was possible to effect a change in the scale.

The average decrease in contribution is about 5% of your previous rate and the increase in interest brought the interest from 2.5% to 2.75%.

could be a guarantee that we would receive the same benefits it would be all right, but we would not. Disability coverage, retirement at age 65 and no ceiling to the contribution rate are among the factors which brought the conference to reaffirm the previous resolution.

The Law Enforcement Code of Ethics was unanimously adopted, adding impetus to the wave of favorable response by policemen all over the nation.

This Code of Ethics, which San Francisco adopted many months ago, is the first giant step toward professionalization, ultimate goal of all of us.

A public relations program was discussed and the wheels for the realization of a National Policemen's Week were set into motion.

This program is a positive public relations activity. It is proposed that during this week police departments could hold open house and conduct various activities in a sincere effort to show the people of America that their police officers are rendering them a service worthy of them.

At this meeting it was decided that the next conference will be in the city of Detroit, Michigan.

On the last day of the conference Harry Cole of Houston, Texas was elected president. The office of 1st Vice President was eliminated and seven Vice Presidents chosen. The new officers for the coming year were installed at a banquet at Simpsons at 10th and Clement.

The committee for the conference composed of men from San Francisco and Oakland felt that the conference was a success. The delegates were pleased with the meetings and the conference in general. They left San Francisco knowing they had come here and done a good job for the men they represent.
