## POA CHALLENGES SUPERVISORS

by Gerald Crowley  
President, SFPOA

### Budget Cut of 200 Police is the Issue

The San Francisco Police Officers' Association must compete with powerful economic interests who control the editorial policy of the two San Francisco newspapers as well as responding to their spokesmen, the members of the Board of Supervisors. This sweetheart arrangement which blocks information and scrutiny of true motivations behind this alliance must be challenged.

The San Francisco Police Officers' Association challenges the 'Fiscal' experts on the Board of Supervisors led by John Barbegelata to public debate.

### 'PAPER CURTAIN' Hides Facts

The absence of debate on critical public issues is the single most failing in San Francisco Government. The people of San Francisco have one completely dominant viewpoint espoused by a clique at the Board of Supervisors and shared by a sympathetic media. When you have big business, a Board of Supervisors unchallenged, and the newspapers participating together as the establishment, it is a closed system.

In this system the concerned citizens are not kept informed and the power remains with the few mentioned above. Such an atmosphere — which could not occur if San Francisco had an impartial and truly concerned press — makes business bossism possible.

Toward this end letters are being sent to the television media to set aside blocks of time to fully explore the irresponsible and politically motivated budget cuts which have placed public safety in San Francisco at a dangerously ineffective level. (Continued Back Page)

### Market Street to be Cleaned Up?

by Al Casciato, Rep. Co. A

During the past few weeks the new Market Street merchants Association has been screaming "The Market Street derelicts must be cleaned out!". The merchants have voiced their displeasure of the Market Street situation with the police department and if you listen carefully to their press releases you would be led to believe that the policemen on the beats are responsible for the whole situation. These types of innuendos about the working policemen tend to irritate this writer.

Having been assigned to the central wagon during a period when prostitution and drunk sweeps were conducted. I can well comment to the futility of such sweeps. It seemed that as a wagon crew we spent one (Continued on Back Page)

### Labor Code...

## SELECT YOUR OWN DOCTOR

by Mike Hebel

January 1, 1976 saw the enactment of a Labor Code provision allowing an employee sustaining an occupational injury to be treated by a physician of his own choice after 30 days from the date the injury is reported.

Prior to this new workers' compensation legislation, an injured employee (including police officers) was required to be treated by a physician provided by the employer or the employer's insurance company. Now the injured employee may select his own doctor who controls the treatment to be given.

The law provides that the right to medical control remains with the employer (Retirement System) for the first 30 days after the injury is reported. Thereafter, the injured employee may select his own treating physician (including a chiropractor).

### Retroactive?

This change came out of the 1975 Legislative session and became effective on January 1, 1976 and most certainly applies to any occupational injury sustained after that date. However, it is presently uncertain as to whether this right may be exercised by employees who sustained an injury prior to January 1. While the general counsel for the Department of Industrial Relations recently issued a written opinion stating that the right was retroactive, neither the Workers' Compensation Appeals Board nor an appellate court has yet to rule on its retroactivity. If the Board of the court determine that the right is procedural in nature, it will certainly apply to injuries sustained prior to January 1.

### Physician Panel

The Police Officers' Association in conjunction with the Union of American Physicians has established a workers' compensation physician panel. Doctors representing all fields of medical speciality are on the panel and have indicated their desire to treat industrial injuries. (Continued Back Page)

## D A WANTS POLICE ADDRESSES

Re: Employees Listed with Out-of-County Addresses

Re: Release of Police Officer addresses

Dear Chief Gain:

Dear Chief Gain:

Please deem this a formal and official request for you to make available to our office the names and addresses of all officers and employees in your department listed in your records as having addresses outside of the City and County of San Francisco. We will need this information for each such employee having such an address during any time from January 1, 1974 until the present time.

This information is required as part of the Voter Fraud investigations being conducted by our office. Although we are charged with the responsibility of ascertaining violations of law, we are hopeful of clearing as many of your employees as possible.

Members, and authorized law students, of the Investigators Unit of the District Attorney's Office will be asking for such records from the appropriate Personnel and Payroll officials and (Continued on Back Page)

It has just been brought to my attention that, on May 28, 1976, the District Attorney made a formal request upon you to make available to his office the names and addresses of all officers and employees of the Police Department listed as having addresses outside San Francisco.

I would bring to your attention the provisions of General Order 9-76 and Section 28 of the 1971 Memorandum of Understanding. The latter section states: "All personnel records, which include home addresses, phone numbers, and pictures of members shall be kept confidential and never released to any person other than officials of the Department or upon subpoena from a competent court of law, or upon written authorization by said members."

If the District Attorney desires this information, he must seek a subpoena. (Continued on Back Page)

# PLEASE, DON'T LOSE THE COMBINATION

by Lt. H. L. Lasher

First, a look at the present state of affairs. Morale is at an all time low and shows every indication of dropping further down the scale. The present administration has done nothing to rectify this situation.

No positive actions have been taken, but instead a fine organization has been panned and humiliated. In an effort to pass the buck, we are offered the alibi that low morale was inherited from past administrations and our own "closed-corporation traditions."

I am reminded of a story I heard from an instructor while I was attending a Department sponsored, Middle-Management course. It goes like this:

In a city much like ours the Chief of Police was retiring for one reason or another. Being of a generous nature he met with the new Chief for a small briefing session. During their conversation, the retiring Chief informed his replacement that he had left two sealed envelopes in the office safe. He advised the incoming executive that when the going got tough it would be to his advantage to open the envelope marked #1 and perhaps it would see him over some of the rough spots.

It wasn't too long afterwards that the new Chief was faced with several problems, one of which was extreme low morale amongst the troops. The Chief was mulling over the situation when he recalled the two envelopes in the safe. He opened envelope #1 and read, "Whatever the problems, blame them on the previous administration." The Chief mulled this over and tried it out on the news media and his immediate problems seemed to be solved, or at least lulled. A few months passed and again he was beset with various problems.

Again, he thought of the safe and the remaining envelope. Remembering how well envelope #1 worked, he sought counsel from the vault. Opening envelope #2, he read, "Prepare two envelopes."

## FREE FOREVER

by Joe Zeitchick

Stopping smoking is like anything else — in order to do it you need to prepare properly.

Effective preparation is actually effective awareness. First you need to realize that you cannot stop smoking without going through withdrawal. Secondly, you have to deal with your "need" to smoke. You cannot quit smoking if you're convinced you need to smoke.

The fact of the matter is that your "need" to smoke is SELF-caused. And just as you've caused it, so YOU can beat it. Try this simple exercise:

Every time you light a cigarette ask yourself, "What else am I doing besides smoking?" Eventually you will become aware of the connections you've made between your cigarettes and the rest of your life. Now take the exercise one step further

and ask, "Couldn't I do this without smoking?" This will enable you to develop confidence in living your life without cigarettes even though you haven't quit yet.

Once you have the confidence of not "needing" cigarettes, you can begin to prepare for withdrawal.

Next: Cold Turkey vs Cutting Down.

If you have any questions, please address them to SMOKERS' SEMINARS, 3410 Geary Blvd., San Francisco 94118 or call: 386-2940.

(This article is the first of a series of free tips on how to quit smoking. SMOKERS' SEMINARS is located in San Francisco. Our program consists of an unlimited number of sessions and we offer an unconditional money back guarantee. The first session is free.)

## APRIL MEETING

The April meeting was held Wednesday April 21, in the Traffic Bureau Assembly Room, President John Devine presiding.

The following new members were approved: KATHERINE D. ANDERSON, LYNNE MARIE ATKINSON, CHERELYN D. BARNETT, ROBERT S. BARRINGTON, BARBARA J. BREWSTER, DOLORES J. CASAZZA, MARIO F. CEBALLOS, WILLIAM J. COOKE, MICHAEL D. FARRELL, DAVID L. FONTANA, BRUCE E. GENDRON, LILLIAN C. MATTOCK, TIMOTHY J. MC DONALD, ROSE MARY MELENDEZ, ALFREDO MELENDEZ, JOHN A. MINKEL, JAMES J. MURPHY, CORA E. ORYALL, DONALD L. PETERS, MICHAEL PUCCINELLI, ANTHONY K. PULVIRENTI, PAUL M. SANCHEZ, LAUNA WILLIAMS, SUSAN CAROL REESINK.

Treasurer Barney Becker reported the following deaths: EUGENE MC CANN - born 1900 Gene entered the department in 1924. He was detailed to Co G. for three years was transferred to Mission Station and served there for 42 years until his retirement for service in 1969. Gene was 75 at the time of his death.

JAMES MULDOON - born in 1885 Jim was 35 when he entered the department in 1920. He was promoted to Corporal in 1923, Sergeant in 1937. While detailed to Co H., Jim received shotgun blast in his leg raiding a still. The leg was amputated and Jim was transferred to City Prison where he remained until he retired with a disability pension in 1950. He was 90 years old at the time of his death.

JOHN ORLANDO: Born in 1937 Mickey was 29 when he joined the department in 1966. He was assigned to Co A from the Police Academy where he served until his death at age 38. Well liked and respected by all the merchants in the Central District, it was truly unfortunate that Mickey did not have the required ten years for a 1/3 pension.

HAROLD WINKLER, SR. - born in 1901 Harold joined the department in 1927 at age 26. Assigned to Co I & Co E for several years he was transferred to the Solo bikes where he served until 1956 and was transferred to the Headquarters Co as a property clerk. Harold worked mostly on the property clerk truck, wiring the streets for parades, placing barricades. He retired in 1966 for service. Age 74 at the time of his death. The Secretary reported the following donations:

Mrs. IDA EDWARDS - three donations during this past month, two of them for efficient work performed by Parking Controlman Pauline Boffi.

JOSEPH I WILSON - a constant contributor who believes that the beat policemen are doing a very capable job.

JUDGE MARY MORAN PAJALICH - in memory of Kathleen Larsen - wife of Officer John Larsen, assigned to the courts.

Dr. Frank DeMilt Hill - for courtesies extended by Mike Duffy of the 3 wheel detail.

Members who resign from the Department are reminded that, if they wish, they may remain members of the W & O Association. They will receive delinquent notices from the Treasurer (if we have the correct address) and can then pay the amount of dues owing for the balance of the year.

Retired members - you will receive a notice advising you the balance due for the remainder of the year. Don't worry until you receive same as most of you are paid one month in advance and do not become delinquent for 3 months at which time you will receive a notice without any suspension.

Members of the Department are reminded that the Constitution and By-Laws allow them to become members any time before reaching the age of 45 years, providing they pay all back dues, interest and assessment and are approved by the Board of Trustees. The Board generally requires a Doctor's certificate.

ALL MEMBERS — PLEASE REMEMBER IF

## MAY MEETING

The May meeting was held Wednesday May 19, 1976 in the Traffic Bureau Assembly Room, President John Devine presiding.

The name of William Kwartz was added to the new members accepted at the April meeting.

HURRAY — TREASURER Barney Becker reported that there were no deaths this month. This is the first time in many years that no death has been reported during the month.

The Secretary reported the following donations:

Mrs. Sharonjean Leeds & Dr. Eichard Leeds - for effective investigative work performed by Inspector Wm. Parenti, Hit & Run, detail.

West Coast Salesmen's Association - for numerous courtesies extended to their Association during their Market Week at the Sheraton-Palace Hotel.

Members of Co B - in memory of the father of one of their members, Robert Flynn

Joseph I. Wilson - One of our really constant contributors.

The Trustees reported that the cost of all our investments was only \$7,000.00 less than the actual market price, which is an improvement of \$8,000.00 over last month.

We are still having problems with some of our cash members. They are only paying one month at a time, which increases our cost at the Hibernia Bank due to the many transactions involved. We ask all those members to please pay for the balance of the year for which you have not yet paid. Any overpayment, in case of death, will always be refunded.

Respectfully submitted,  
Bob Mc Kee, Secretary.

# SENATOR MARKS SUPPORTS COPS

by Paul Chignell

Senator Milton Marks, a consistent supporter of the police labor movement, is now running for re-election to the California State Senate from San Francisco.

In his legislative career Senator Marks (formerly Assemblyman Marks) has supported mandatory sentencing laws for convicted criminals, collective bargaining with binding arbitration for public safety officers and has recently become one of the new Republican advocates of the Police Officers' Bill of Rights legislation.

This year Marks is running unopposed for the Republican nomination and will face anti trust attorney Fred Furth or Supervisor Robert Mendelsohn in the November general election.

Supervisor Mendelsohn is the front runner on the Democratic side. He, however has proven himself to be a consistent opponent of the police labor movement, notably in the past twelve months.

Under heavy political pressure, Mendelsohn turned his back on the police officer in San Francisco during last summer's strike. He joined with the other members of the Board of Supervisors in refusing to allow public debate on the pay raise issue. He refused to recognize Jerry Crowley's right and duty to present the police officers' side of the controversy. Mendelsohn's office door was closed to any informal negotiation before the vote and he stood mute to pleas for formal negotiation after the strike began. He lent his full support to the retaliatory measures taken by the Supervisors in placing Propositions P and O on the November, 1975 city ballot.

Supervisor Mendelsohn, after sowing these seeds of hatred in the public opinion reaped the benefits of a re-election victory.

He should not be allowed to reap the harvest of a second election at our expense only to function as a firm opponent of our needs and goals. His voting record while a member of the Board of Supervisors clearly shows that Supervisor Mendelsohn's political ear is attuned to the ballot box, not to what is just and right.

Senator Marks, on the other hand, has always been receptive to the legitimate concerns of law enforcement.

While the P.O.A. has utilized the offices and staffs of various state legislators over the years, none has proven more helpful and cooperative than Senator Marks.

They have given freely of their time and resources in answering questions and providing documents that have been invaluable.

Senator Marks has made himself easily accessible to P.O.A. representatives both in his San Francisco and Sacramento offices. He has attended P.O.A. functions time and time again, not for show but for talk.

He has most lately shown his dedicated support for our cause in the time and energy he has devoted to work for the passage of Assembly Bill 301 (Police Officers' Bill of Rights). He took his supportive stand despite the strong opposition of most of his Republican colleagues to this bill.

He has faced the same opposition in his consistent support of collective bargaining with binding arbitration for public safety officers. He sees this rather than retaliatory legislation as the only valid response to police strikes.

In view of the tremendous support that Senator Marks has given police officers over the years, he now deserves OUR total support in his re-election effort.

If you are interested in keeping this Senator working for all of us, contact Paul Chignell at 548-7th Street, San Francisco, California 94103, (415) 861-5060. AND DO IT TODAY.

## RUNOFF ELECTION SCHEDULED FOR NON-SWORN UNIFORM PERSONNEL IN DEPARTMENT

Parking Control, Traffic Control, Station Officers and Building and Grounds Patrol at the Hall of Justice, along with other non-sworn uniformed personnel employed by the City of San Francisco, are having a run-off election scheduled for June 22 thru June 25.

They will have a choice between two local organizations: TWU-AFSCME-UCE Joint Council of SEIU.

This is the second such election held for these people. The first election was held in February. At that time, neither organization received a majority vote. The strike by City Craft Workers made it impossible to have the run-off election which was originally re-scheduled for April 27 thru April 30.

The two unions met again with the Municipal Employees Relations Panel on May 17. At that time the June 22 to June 25 dates were agreed upon. The employees will again have an opportunity to vote for the organization of their choice. A vote for the TWU-AFSCME-UCE Joint Council is a vote for top-notch representation for their group.

## President's Corner BY JERRY CROWLEY

San Francisco Policemen who chose not to be the victim of a political power struggle in San Francisco can be justly proud of their solidarity. We move through another era in San Francisco history which is in the throes of another political power struggle.

Fed by the political ambition and the political frustration of individuals who vie for power today in San Francisco, Policemen and public employees face an even greater challenge. Political frustration, political ambition and fiscal demagoguery inhibit decision making in government. The struggle for power within the Board of Supervisors and the struggle for leadership between the Mayor and the Board of Supervisors has resulted in inertia, suspicion and the misrepresentation of the real issues confronting the people of San Francisco and public employees.

Another day of decision is fast approaching. As Police leadership we have challenged the old traditional order of police life. We have succeeded in some degree to change the spirit and direction of the Police Movement. In doing so we have extended ourselves and our membership to the point of vulnerability.

Politicians, radical leadership, the media, and other vested interests have done everything possible to maintain Policeman as a private regiment of employees who must bear the responsibility for every social, political, and economic failure in society.

They have tried to break the new spirit of San Francisco Policemen for the past two years. Through the budget they have tried to hurt law enforcement by hurting the people of San Francisco.

They have tried to destroy the leadership of this association by public and personal attacks through the media.

They have tried to absolve their greed and political ambition by sacrificing the dignity of public employees.

The important thing for Policemen to remember is that a politician's ambition and frustrations are surely exposed over a period of time. As Policemen we are living through an interim period of time where this exposure is blocked by the rhetoric and platitudes of those who seek power and those who wish to maintain power.

Policemen in San Francisco were the first to challenge this blind emotional appeal for power.

It was the master plan that San Francisco Policemen were to be the first cadre of public employees that were to be crushed.

San Francisco Policemen were to be the first example of a "new morality" in government.

They have not crushed San Francisco Policemen and the new morality in government has been exposed as political expediency.

What they do not understand, but will come to know is that San Francisco Policemen will continue to withstand the trials and confrontations placed before them because they have matured. This maturity was gained through a two year period of adversity.

This adversity which was politically motivated could not crush their spirit then. It cannot crush their resolve now.

Although we cannot look toward the future with any certainty we can look with some degree of probability that our continued dedication and resolve can change our destiny. Let no one mistake our resolve.

Let no one mistake our position of the moment as permanent, because there is a growing fermentation of public employee energy that is forming and will solidify and become stronger.

**BANKAMERICARD MASTER CHARGE**

May 26, 1976

Dear Officers:

I wish to thank all the great police officers in the San Francisco Police Department for having been so kind to me and the children.

Your deep concern for our well being has been so overwhelming to us we will never forget all you have done for us.

I hope that Mike's struggle to provide a pension for his family was not in vain, that something will be done for making changes in the pension rulings so that no other person would have to endure the physical and emotional strain for the welfare of his family.

He was a wonderful husband and father and his devotion to us was a great example of a loving and contented man.

He loved you all very much and would tell me that he had 1800 brothers. And being a police officer's wife, I understood what he meant. I have never seen a greater group of caring human beings who care so much about one another. I have been proud to have been married to a member of this group.

My children and I wish you all peace and you will always remain in our hearts and in our prayers.

Vera Orlando and children

TO: MEMBERS OF THE SAN FRANCISCO POLICE DEPARTMENT

For the past six years the San Francisco Police Department has successfully operated the Police Fishing Program. This worthwhile delinquency prevention program has afforded thousands of youth the opportunity to engage in a wholesome activity and at the same time, become better acquainted with the police officers that participate with them.

The Chief and the SFPOA both fully support this program, but unfortunately, this year, the shortage of police personnel has prohibited the detailing of personnel to this program for its operation.

To insure the continued operation of the program it is requested that members will volunteer their services. Officers are needed on a daily basis during the school summer vacation period, June 14th through September 3rd. Officers assist youth in teaching them to fish in three facets of the program; pier: 1000-1400 hours, fresh water: 1000-1400 hours and chartered boat fishing: 0530-1430 hours.

Members interested in volunteering or for further information contact Lieutenant Victor Macia, Youth Service Bureau, 2475 Greenwich Street, or call 567-0930.

JERRY CROWLEY

# PREVENTIVE DENTAL HEALTH FOUNDATION

by Gale W. Wright and Dennis Gerber, Administrator, PDHF

## PDHF Extends Enrollment - JUNE 30th

Because of the cooperative efforts of the SFPOA and the delays experienced in getting the East Bay facilities operable. Preventive Dental Health Foundation is extending the enrollment period for its full benefit plan through June 31, 1976.

The number of dental facilities has been steadily increasing; the list below shows the present locations available and the target date for the expansion of additional facilities.

Occasionally we hear negative noises from those dentists that feel the foundation infringes upon their right to run their business and deal with the public as they see fit. Subsequently they will condemn any organization that through the lack of understanding they feel threatens the continuation of the profession under the system of free enterprise.

The fact of the matter is that the dentists in the foundation serving you have committed themselves to mandatory peer-review and total accountability of funds spent on dental benefit premiums to your association. These very dedicated dentists do not feel INFRINGED upon to being accountable for dental benefit monies and in following a tight standard of review. The feeling in Preventive Dental Health Foundation is that the responsibility for the high cost of dental care rests with the dentist — not the insurance companies, the dental supply houses, laboratories or gold supplies.

*Dentists are taught the fine art and science of dentistry in school but are rarely ever prepared properly in the skills of small business management. In an endeavor to down play the costs of mis-management to dental fees, a strong white veil of professionalism is wrapped around dental care to the extent that any dentist or organization representing anything other than a top fee is undoubtedly pushing inferior dental care.*

We feel you should know the inner workings of your dental health plan and being members of the SFPOA you can fully appreciate the politics involved. The dentists in the foundation risk the constant rue of politics in lieu of bringing the economics of the delivery of dental care into a better light. They are dedicated in giving you their absolute best effort for the monies you pay and they stand accountable by the financial reports given to SFPOA and the previously mentioned peer-review.

Running a dental plan, as a good business can and does, produce quality dental care at a price more reachable by the SFPOA members. The dentist operating in the healthy environment understanding the dental economics better, is more at ease in recognizing that he will reach more people within his community. Your support aids not only yourself, but recognition within the dental association that attention

must be given to the economic limitation of the public at large as well as the altruistic merits of quality dentistry.

Approaching your dental care needs on the basis that anything less than all gold and precision attachments is substandard dental care is comparable to saying "Unless I can afford to buy steel-belted radials on magnesium wheels w/disc brakes, I will not drive because it's not ideally safe."

The proprietors of absolute ideal dentistry are comparing a base of dental health to medical health. Dental health is not life and death, it is a voluntary maintainance area of our health that contributes to our overall well being. A good dental plan encourages all levels of care, it allows to elect whatever you can economically afford and it also helps for the events when only gold and precision attachments are the only way the treatment should go.

Your plan has been structured to give you this kind of overall flexibility and still remain affordable. It may require a little extra effort on your part because of the limited facilities but you will find the dentists have extended a very large effort to really help. The names and personalities of the dentists are not as important as knowing the standard of peer-review will assure prompt, courteous and qualitative service. Work WITH your dental plan and you will find it works for you.

### PLAN I

If you or your dependents already enjoy good dental health, and only need to have your teeth examined and cleaned twice a year, then this is the plan for you. Even if you only have an occasional cavity, this is still the plan for you.

#### COVERAGE:

- A. Diagnostic - 100% No charge  
 Examination (anytime, no limit)  
 X-Rays (any amount)  
 Emergency during normal working hours (the visit, not the service)  
 Study models (impressions)
- B. Preventive Care No charge  
 Phrophy (cleaning twice a year)  
 Flouride Treatment (whenever necessary)  
 Home Care preventive instructions  
 Sealants (i.e., crown fractures)  
 Preventive Home Kits (brush, paste, disclosing tablets)
- C. Orthodontic No charge  
 Examination & consultation

**Member only — \$1 per month.**  
**Members and Dependents — \$2.75 per month.**

### PLAN II

If on the other hand, you already know that you and/or your dependents will need restorative work beyond the services offered in Plan I, then you should join Plan II from the beginning.

| COVERAGE   | PATIENT FEE                  |
|--|------------------------------|
| A. Diagnostic - 100%<br>Examination, X-Rays, Emergency, Study Models (As shown in Basic Plan)  | Covered by premium           |
| B. Preventive Care<br>Phrophy, Flouride Treatment, Home Care preventive instructions, Sealants, Preventive Home Kits (As shown in Basic Plan)                      | Covered by premium           |
| C. Restorative<br>Silver fillings - one or more surfaces<br>Composite Restoration - one or more  | Covered by premium           |
| D. Special treatment services are available upon effective date of coverage. The co-payment (Patient Fee) schedule for these services are listed in your brochure. |                              |
| <b>Member only</b>   | <b>\$3.36 per pay period</b> |
| <b>Member &amp; 1 dependent</b>  | <b>\$5.20 per pay period</b> |
| <b>Member &amp; 2 or more dependents</b>   | <b>\$7.98 per pay period</b> |
| <b>Orthodontics (seperate surcharges)</b>  | <b>.70 per pay period</b>    |

## NEW PDHF Office in SF

The Preventive Dental Health Foundation has now opened offices in San Francisco on a full-time basis to better serve the entire Bay Area.

The address for PDHF is 2131-19th Avenue. The young

lady you will talk to is Sandee. Her phone number is 566- 2226. She is the one to call for the locations and names of dentists with the PDHF plan.

Her boss is Dennis Gerber, who has been terribly busy following up on the list of over 130 dentist's names submitted by SFPOA members.

Remember, it's Sandee at 566-2226 for PDHF questions and answers.

PDHF Extends Enrollment

**CURRENT Locations:**

San Francisco, South San Francisco, Daly City, Burlingame, San Jose, Marin, San Rafael, Novato, Oakland.

**FACILITY Locations:**

Target date **JULY 1, 1976:**

Walnut Creek, Concord, Castro Valley, Fremont, Fairfield, Vallejo, Napa, San Mateo

**CHECK YOUR MAIL**

As you, the members, have sent in your Dental Plan applications, we have requested ID cards for you. As soon as we get them, the cards are sent out along with the billing when the Dental service starts for you, and when regular payroll deduction (PRD) takes over.

If we have to bill you again, we are charging an additional \$.50 service fee for duplication of salary and materials.

It's amazing what we get back in the mail from some members, such as proxy vote cards instead of PRD cards; or unsigned PRD cards, or PRD cards without the check or money order for the billed amount.

Look for a blue SFPOA envelope with the word "ID Card enclosed" stamped on it in red ink.

So please, take care to locate that blue envelope (past and present) read the letter and please send the POA a check for the billed amount. Should you have any questions, please call 861-6020 days.

According to what you signed up for, the billing is figured to the penny. A reasonable time is allowed for you to return a check to us in order to fit into the Controller's timetable.

**Your LIFE INSURANCE Is Still In Force** *by Gale W. Wright*

Yes, your life insurance coverage which formerly was placed with Old Republic is still in force. The Insurance Committee agreed that the Pacific Union Insurance Company could take over the life coverage at the rates charged by the former carrier.

So to repeat, **YOUR LIFE INSURANCE HAS NOT BEEN CANCELLED.** — you are not without (contrary to what some hustling insurance salesmen have been

saying).

Old Republic was ordered to Cease and Desist all group sales. Although the dental plan lost money, and the accident and sickness lost money, the life program was solvent. However, the life was a group policy and it too had to be dropped by them.

Pacific Union has taken over the life policies and you are still protected. If you want to purchase additional life insurance, that's up to you.

**POLICE YEARBOOK**

The big day is almost here. The books will be delivered to the POA office on June 14. But, please don't try to pick up your book on that day.

June 15th we will be able to give you your book. Just present your receipt, initial a roster and you're on your way.

The POA cannot afford to mail the books (650 x 48¢ each) so you will have to come into the office at 548-7th Street, second floor to get your Police Yearbook.

75 extra copies are available at a cost of \$18.00 each plus 48¢ postage. Mr. Pat Campbell or Frank McGivern will take your order at 254-4088 or 254-4093. Hope you like the Yearbook.

**DENTAL PLAN FOR OTHERS IN HALL**

*by Jim Sancinito, Union Representative TWU-AFSCME-UCE Joint Council*

Local 400 SEIU promised it, and TWU-AFSCME-UCE Joint Council is delivering.

Several weeks ago, the Joint Council looked into the Preventative Dental Health Foundation's dental plan. The Joint Council realized that many miscellaneous employees in the Hall of Justice want a dental plan. Numerous attempts to get a plan through the City failed, and the employees were stuck paying the high cost of dental bills.

Through the POA and Sgt. Gale Wright, the Preventative Dental Health Plan came alive.

The Joint Council asked if our members could have this plan made available to them. We had a meeting with representatives from the Foundation and they agreed to make the plan available.

As soon as the brochures are printed, we will

distribute them to the miscellaneous employees at the Hall of Justice. We are hoping for 100% participation in this plan. We will need at least 250 people to sign up for the initial plan to get it implemented as quickly as possible.

The PDHF Dental Plan will not be available to the miscellaneous employees through any other union except TWU-AFSCME-UCE Joint Council. The Joint Council has come through again for the people.

**ON ROUTINE PATROL** by S.G. Yasinitsky

George Clement of the Southern was off-duty, driving near Admiral and Alemany, when he saw a 74-year-old woman lying face down on the sidewalk, a 20-year-old, six-foot-tall hero of our times astraddle her, pummeling her sides for all he was worth. He then ripped the woman's purse away and ran. George maneuvered so that he drove right at the running scoundrel, pointed his .357 magnum, and challenged. "Don't make a move or I'll blast you!" The crook didn't doubt our George, came to a screeching stop, raised his hands, and dropped the purse. The woman suffered a cracked rib and multiple bruises. George went to work that day feeling like he'd slain a dragon.

Greenpeace and other conservation groups are trying to save the whales from extinction. As evidence that whales are becoming extinct, John Lynch of Richmond Station rushed to the Great Highway on a call that a man was trying to harpoon passing buses. (A unique call, that!) John found that there was indeed a man throwing a seven-foot-long whaling harpoon, sharp as a needle, at the passing Muni buses. "What are you doing?" John tried the soft approach. "I'm harpooning buses," the stranger replied (and our man hadn't even advised him of his rights), and added, "stand clear or I'll harpoon you too." John then tried the negotiator's stance. "You stupid dummy. You couldn't hit a broadside of a barn." The landlocked whaler (or busser) glanced at his harpoon for a moment. He then said meekly, "You are right," gave up his weapon to the good sergeant, and climbed inside the radio car for the ride to the station. A whale of a story, this one.

Len Deters of the Burglary is investigating a burglary report from 28th Avenue, of two stolen cases of jelly. The mystery is thicker than that, however. The victim discovered that the intruders also used her sewing machine and switched her expensive stereo for a cheaper model before taking off with the preserves. She told Len that she suspected an inside job... But she lives alone!

Mike Shubin and Paul Gossman of the Mission exchanged polite talk with a woman at a jewelry store on Mission Street, while bringing up-to-date the station's records of the businessmen's emergency numbers, on their routine patrol. They moved on and were a couple of stores away when three hoods paid their own visit to the jeweler's. The punks grabbed a bag full of valuables; and when the woman let out a yell, fired a shot at her husband, slapped her with the gun, and kicked around her five-year-old daughter. The jewelers stood fast, though, and caused the robbers to back out in a hurry, tripping over each other and falling as they fled. Mike and Paul responded to the screams, chasing the crooks in separate directions: Mike up 24th Street, past Capp, into Cypress where he found the gunman in the back yard. The baddy tried to

shoot at Mike, but his 25 automatic jammed. Paul grabbed the second crook on Capp Street where the thief tried to reach a stolen car for which he had the keys. The third suspect escaped, but Robbery's Gino Marionetti and Paul Schneider know who he is and probably have nabbed him by the time this appears in print.

Karl Richmond of Juvenile Bureau lives in Richmond City and investigates purse snatches in our Richmond District. No, I don't know if he was born in Richmond, Virginia.

I bumped into a pair of hard working dicks, Ken Murphy and Bruce Jones, from Intelligence, the other day. I was reminded of a burglar whom they'd arrested four years ago here, who'd skipped bail and whom they'd tracked to Kansas City where the FBI and Kansas City Police went to pick him up. But the crook killed one cop and wounded the FBI and before being overpowered. He later escaped and returned to San Francisco where he pulled three holdups, one for \$100,000 in gems. Ken and Bruce found him again and nailed him in a hideout on Gough Street, surrounding the place together with Bill Koenig, formerly the Robbery boss, and his men. Ray Minkel knocked a loaded gun out of the crook's hand, who had pulled it in spite of Ray's shotgun staring in the face. A determined badman, this criminal had a stash of stolen weapons and jewelry. By the way, Ken Murphy probably holds a record for Meritorious Awards in this department. While working at Mission Station in 1959, he was recommended for 17 such citations at a single Meritorious Board hearing. Who can top this one?

Mike Connors and Ron Kern had just started their routine patrol when they spotted a stolen Vega parked in the alley directly behind Northern Station. They staked it out and soon an ex-convict came out of a nearby hotel and jumped into the hot car, putting a package on the seat beside him. Zap, and he was under arrest. But, although his bundle contained shirts stolen from the Emporium, and his pockets the keys to the stolen car, the crook denied everything, claiming it was a mistake: he meant to get into another car altogether. How could our men be so wrong?..

A story of a case of a bag unraveled itself when Richmond's Mike Gonsolin and Kevin Bouey saw two young men running on Geary and 23rd Avenue, carrying a bag, at 4:30 in the morning. "It's just some stuff we are taking to the church bazaar," explained the bag men when Mike and Kevin took them on. "Bizzare," our men responded, especially when the bag contained a small fortune in old jewelry, all marked with price tags and some with consignees' phone numbers. A couple of calls located a freshly burglarized antique store on

Clement Street. And later, Crime Lab's Mike Brush developed fingerprints of both burglars inside the store, although they vehemently denied ever being there. In the bag, as I said before.

Al Squair and Don Hensic of the Crime Specific Task Force, tracking down a particularly busy burglar-car thief who'd been plaguing Pacific Heights, found him in the Southeast. The crook admitted a series of burglaries and car thefts. One hundred and twenty dollars in cash, part of his ill-gotten loot, was taken from him and placed on the table while he was being questioned. After this baddy was booked there was only \$60 left. Al and Don rushed back to the Prison where they found the missing cash tucked inside the cigaret pack that they'd bought for the burglar. Such gratitude!.. The crook moaned, "Man, like, you were ripping me off for all my bread. I just took some back." I guess he had to keep in practice.

On Haight and Central Gary Frederick and Bill Cahill of the Crime Specific Force Teriffic grabbed a van used by crowbar burglars a couple of hours earlier. The driver and his girl professed complete innocence. But our men went on checking out the details, since the man was already on probation and had a three-foot crowbar in the van, and nothing else. At his Sunset District home a couple of the burglar's friends showed up. Bill and Gary got their names and locked one up for traffic warrants. Well, a coincidental check of a second-hand furniture store on Clement Street turned up a bill of sale, listing these baddies as the ones who'd sold other burglary victim's stolen goods a couple of days before. The thieves had no chance in court and copped a plea when faced with this evidence.

A sight during the City workers' strike recently: Gus, the police horse of Jim Hennessy of our Loyal Mounted, calmly drinking water out of the broken end of the sabotaged main behind the Academy of Science. A couple of days later Jim responded to a call that loose sheep were snarling traffic at 9th and Lincoln Way, and turned into a shepherd on horseback rounding up the lambs let loose from the Children's Playground. This sabotage wasn't funny: one of the wooly creatures was later found dead near Stow Lake... And wouldn't it be better to have our proud mounties patrolling Market Street, instead of the air-polluting, noisy motor scooters we are using now? Who would talk back to a man who sits six feet above you, instead of someone who squats on his putt-putt below your waist level. Besides, would the motor scooter react favorably in the face of danger or adversity? Imagine a Vespa gently shoving a boisterous crowd back onto the sidewalk with a learned sideways motion... Whoa, there. Putt-putt.

# SHIPSTADS & JOHNSON ICE FOLLIES

The Ice Follies is celebrating their 40th Anniversary this year. Recently this fine entertainment on ice held a two week run at the Oakland Coliseum (What happened to our SF Ice Arena?).

Although we received their publicity material too late for last month's issue, we are running the photos for your enjoyment this time. You might even be more alert to their publicity when the Ice Follies comes to the Bay Area next year too.

The two main stars are Daria Prychun from Canada and Richard Dwyer from the City. Daria was a member of the 1972 Canadian World Team and while she trained to compete in Olympics, she jumped at the opportunity to turn professional. She really enjoys the nightly performances before audiences, as it is more challenging than competitions before stern judges.

Richard is a young 39, a bachelor, a world traveler and just last year he received his Bachelor of Arts Degree in English, after attending 20 years of summer classes at the University of San Francisco.

Eight years ago he bought a hillside lot in Tiburon and planned for his redwood house with all his own ideas and specifications. During the off season he is busy for the Ice Follies as the Vice President in charge of Personnel by holding auditions, publicity calls and speaking engagements throughout the country.

Richard is a young 39, a bachelor, a world traveler and just last year he received his Bachelor of Arts Degree in English, after attending 20 years of summer classes at the University of San Francisco.

Partners for nine successful years, Richard Dwyer and Susan Berens are a versatile team known for their artistic, free flowing style.

Gold Medalist, Daria Prychun in one of Ice Follies newest and most promising young stars.

## JR. OLYMPICS TRACK & FIELD

The San Francisco Police Activities League will host the 11th annual PAL Jr. Olympics Track & Field Trials on Saturday, June 12th and June 13th at Eugene McAteer High School, Portola Drive & O'Shaughnessy Boulevard starting at 9:00 AM each day.

This meet is for boys and girls from 8 to 18 years of age. The meet is expected to attract between 1500 and 2000 competitors

during the two day meet. The Boys meet is Saturday, June 12 at 9:00 AM.

The Girls meet is Sunday, June 13 at 9:00 AM.

Official application forms have been forwarded to every school in San Francisco.

For additional information, call the PAL at 567-3215.

## PAL GOLF TOURNAMENT

The San Francisco Police Activities League (PAL) under the co-chairmanship of former Police Commissioners Cardoza, Miller, Garner, Clecak, Ferrari, Ladar, Buckley and Maillard, is sponsoring the eighth annual PAL Benefit Golf TOURNAMENT.

Tournament director, Captain George Emil, announced the Olympic Club will again be the site for this popular event, to be held on Monday, September 27, 1976. Both the Ocean and the Lake Courses will be utilized with a shot-gun start.

The proceeds from this event help support the PAL Law Enforcement Division by providing jobs for the youth with our department.

The golf tournament is not only the best of its kind around, it also is the best bargain for all the participants. The \$35.00 tax

deductable donation for policemen includes: golf, power carts, super tee prizes and lunch on the course. In addition to this, it also includes a hosted cocktail party and a steak dinner at the SF Athletic Club, plus many, many more outstanding prizes. All this for a \$35.00 tax deductible donation. It can't be beat! A \$125.00 tax deductible donation fee is charged to all non-police participants. As you can see, their support is instrumental in making the tournament a success.

We are urging all San Francisco Policemen, and especially the members of the SF Police Golf Club, to support this tournament by participating and encouraging others to play.

For further information call Sgt. Steve Spelman at 567-3215.

Leather is like Forever

comparable savings  
on other items

Leather is not affected by heat or cold and is always comfortable and soft against the body. It is beautiful to look at, and like fine silver, it improves with age, developing a fine patina as it gets older.

It is very durable & it won't crack, fade, tear, sag, bag or come apart at the seams, and is by far the most durable of all upholstery fabrics.

It is easy to care for. In fact, it needs no care, other than occasional dusting. Water and mild soap will remove spots, so that there is no maintenance cost involved.

Sir:

## Minutes of Meeting — Tues. 4/20/76

The meeting was called to order 1000 hours Tuesday, April 20, 1976. Roll call showed 18 members present and two absent. The absentees were, Fikkers "D", Benner "G".

The regular order of business was suspended and the first item was the case involving the appointment of an officer to Assistant Inspector under the grandfather clause of Proposition E, 1971. A presentation on behalf of 10 other officers who were working under the same situation and did not make Assistant Inspector, was made by Attorney Bill Beirne. It was motioned by Hebel and seconded by Patterson to submit this issue to the Civil Service Committee for action. Motion passed.

Chief Gain was the next item of discussion. There was a motion by Chignell and seconded by Wright to hold a press conference on Wednesday, April 21, 1976, 1000 hours at the office. The press conference shall consist of a response to the unethical and unsubstantiated remarks by the Chief against policemen and to bring out the many things that he hasn't addressed himself to. Motion passed.

Ballentine spoke on the pay raise. The court denied the 45 day delay asked for by the Supervisors and the suit is now ready for oral arguments. It was motioned by Wright and seconded by Amiot that we follow the advice of our attorney and ask the Appellate Court to hold oral arguments on our pay raise. This is Vote #1. It was motioned by Ballentine and seconded by Carlson to donate \$200,000 to the Alioto Committee to have a bronze sculpture of the former mayor made. This bust is to be placed in the lobby of City Hall. This motion passed.

There was a motion by Lemos and seconded by Wright that the Association, through its Treasurer, write a letter to each non-member of the Association and invite them to re-join the Association. Motioned passed.

Next was the Committee Appointments. The new committee assignments will be listed.

Wright gave an Insurance Committee report.

Motioned by Casciato and seconded by Carlson that the Association buy 10 tickets to the American Legion Law and Order Dinner. Motion passed.

Motioned by Hebel and seconded by Casciato to endorse Walt Johnson and Harry Paretchan for Health Service Board. Motion passed.

There was a motion made by Chignell and seconded by Patterson that the compensation for our present Welfare Officer be increased to the amount of \$400.00 beginning July 1, 1976. Motion passed.

Motioned by Carlson and seconded by Casciato to appropriate \$500.00 to conduct an in-depth study of an Alternative Alcoholic Program. Motion passed.

There was no further business and the meeting was adjourned.

Joe Patterson  
Secretary, S.F.P.O.A.

In defense of the uniform and safety committee's decision to abandon uniform nacties, I applaud this progressive move. Abolishment of this outmoded segment of the uniform is a long awaited action by many members of the patrol force.

Removing the tie was never an act of defiance by those who chose to do so. The tie was an uncomfortable hindrance to police work and had nothing whatsoever to do with discipline or pride reflected on oneself, not to mention the police department. This petty detail consciousness is the same type of thinking that concentrates on the color of an officers underwear shirt. There are those who would draw limits to the area of appearance supervision by older members of this department. This type of thinking, if logically extrapolated could reason out a policy of uniform coloring of the uniform personel. Eyes would have to be of uniform color; uniform thinking would be enforced, and other less drastic, but entirely possible ideas when one considers some of the ideas that float around this city.

Apparently the only thinking lately that separates an officers civil rights from the duties and requirements of the job was expressed by the two decenting United States Supreme Court justices who were deciding on the case of the N.Y.P.D.'s right to regulate beards. They stated the uniform requirement is satisfied by the wearing of a uniform itself, not by shaving everyone's face.

To those who say the wearing of the tie helps the department's reputation, or promotes the reflection or pride and efficiency, I say what about those tie wearing, bleary eyed, sloop shouldered, soup stained slobes we call police officers? Pride, character, and much more are reflected in an officers overall appearance, and his personal appearance. Indeed as a good peace officer knows, these qualities are reflected in any man's bearing. The

## CHANGED YOUR ADDRESS?

We do our best to keep up with the address changes. It costs 10¢ for every label we get back from the U.S.P.O. Please write or call the POLICEMEN of your new address so you won't miss any POLICEMAN issues.

Note 1: ICPA — The POA while Harry Beare will membership records will continue to handle the have to be researched for other payroll deduction the past three years, as it is believed we have been overpaying our dues based on inaccurate membership records. Credit for past overpayments should be applied to this years budget request.

Note 2: Legal — is divided into two categories 1) Stephen Solomon at \$2000 a month retainer, at least through the pay suit (however, he is involved in other litigation for the POA), and 2) Steve Bley at \$25,000 a year for the Screening Committee and other POA legal questions, contracts, advise, etc.

Note 3: Dues Collection — Around September, it is expected the POA will handle our dues collection.

Note 4: Office Salaries — were adjusted last year after the membership voted to increase the dues. The 76/77 salaries are subject to adjustment when the police officers salaries are adjusted via the pay suit.

Note 5: President's Salary — this figure represents the salary just through February 1977.

Note 6: Insurance — these two figures represent the monthly premiums, computed to an annual figure, which the POA pays for these benefits for the membership.

## GOLF CLUB NEWS

On Monday, May 24, 1976 the S.F. Police Golf Club held its May Tournament at the Hayward Municipal Golf Course. The tournament was originally scheduled for Harding Park but due to the strike it was rescheduled for Hayward.

As can be seen by the scores Hayward isn't as difficult as Harding. We had 47 players and seven shot in the seventies.

Grant Fahs shot a gross 72 but with his five handicap couldn't even shoot in the low ten net scores. I for one felt for him, shooting my best game of the year, a 74, and also with my 9 handicap couldn't shoot in the low ten net scores. Darol Smith was also in this group shooting a 75 and not placing in the top ten.

The low-net winner was Bob Marsh who shot an 86 with a 26 handicap for a net 60. Bill Grosword was second with a 79-17 - 62; Third was Ed Castiglioni with 92-29 - 63; George Jeffery had 99-36-63 for fourth and fifth was Dennis Martel with a 76-12-64. Next in order were Tom Duncan 76-12-64, Al Sonoda 85-21-64, Jay Parashis 93-29-64, Joe DeRenzi 95-31-64 and Lou Sevenau with 89-24-65.

The Hole-In-One was won by Tom Gordon with

a shot 18'3" from the hole. Yours truly was second with a 22'4" measurement, and third was George Gamble who was 24'6".

In the guest flight, George Carrozzi finished first with an 82 gross 73 net. Bill Van Laak was second with a 101 gross 73 net, followed by Nick Eterovich with a gross 88 net 73. And fourth was George Zletnich who had an 84 gross 74 net.

By the time this article is published our June tournament to be held at Santa Rosa Country Club will probably be history.

June is scheduled for Friday, June 4, 1976. In July we are playing our second annual tournament against the Oakland Police Officers Golfing Association at the Richmond Country Club. Hopefully we can retain the perpetual trophy we won last year in our first meeting.

The club now has one-hundred and eighteen members. Any sworn member either active or retired is eligible and welcome. If your interested and have any questions call either Lt. Vic Macia at the PYP Office or myself as below and we will answer any questions you have. Call Vic at 553-1158 or me at Co. K E & I (553-1235).

## "BAD, BAD" SOFTBALL

Supervisor Al Nelder for Reno's VIP's and TV movie star David Hartman for KSFO No-Stars

The 16th annual PAL Celebrity Softball Game will be played on Thursday, June 24th at the Cow Palace for the benefit of the San Francisco Police Activities League. Gala pre-game spectacles of festivities will take place at 6 PM and the cry of "Play Ball" at 7 PM.

The PAL is extremely pleased to announce that Radio Station KSFO and their zany No-Stars are returning to once again take on Barsocchini's VIP's, reviving a tradition that dates back to the first PAL Softball in 1960.

Proceeds from this "Bad, Bad Softball Game" will continue to help the further expansion of PAL's recreational, athletic and educational programs for the youth of San Francisco.

Tickets are on sale at the following locations:

- PAL Headquarters - 2475 Greenwich Street
- Barsocchini's Restaurant - 1015 Battery Street
- Radio Station KSFO - 950 California Street
- Hall of Justice, Co. B - 850 Bryant St
- DiMaggio's Restaurant - Fisherman's Wharf
- Cow Palace Box Office - Geneva Avenue, Daly City
- San Francisco Giants Ticket Office - 170 Grant Ave

We hope to see you at the Cow Palace on June 24th. Remember, parking is free. Bring the family and friends. Donations are \$1.00 for adults and \$.50 for children under 12 years of age. For additional information, contact the PAL at 567-3215.

## SOFTBALL TEAM IN CRUCIAL FINISHES

by Mark Porto, Park Station

Ingleside #1 and Airport Police #1 have each powered to the top spot in their respective divisions.

Ingleside's 13 to 12 victory over the undefeated and challenging Park Station have established themselves as this writer's choice to take it all. Ingleside is led by the likes of Keven Hicks, Ken Sandstrom, Dan Ferretti and many more complete ball players. The Tuesday division, with the exception of Ingleside and Park, is a battle of five teams for the remaining two playoff berths. Mission Station and Central Station #1 seems to have the inside track for these playoff berths. Southern, C.S.T.F. and Southeast each have their backs to the wall, however are still hopeful for the playoff spots.

Park Station, a contender for the first time in many years, produces the best infield in the league. Off season transfers have solidified Park Station and with Jeff Barker having another good season, this team should be considered a real threat. Gary Bertucci's Co. A #1 and Gary

Fox's Co. D have good talent to go with awesome power.

Airport #1, for the second straight season, is the team to beat in the Saturday division. The Airport has combined good overall defense and fine hitting to take seven straight. Led by Andy Fracchia, Jim Drago and Ron Driscoll, the Airport should be in the top spot when the divisions season ends. The S. F. Sheriffs have again challenged well but a one run loss to the Airport earlier in the season has again placed them in the second spot. The Public Defenders, the Cinderella team, has challenged well but will be put to the test through the remainder of the season with many crucials on tap. U.C.P.D., FBI, HQ's and Co. H #2 all have a shot at the playoffs. Co. H#2 led by coach Larry Frost have come back from the early setbacks to contention.

With the season more than ¼ over, many crucial contests are scheduled in the up and coming weeks. Interested fans should contact the nearest station for the times and dates of S.F.P.D. Softball Games.

Softball Standings as of 05-26-76

| SATURDAY DIVISION               |     |      |

| Inspectors                      | 0   | 11   |

All games against District Attorneys and Inspectors have been recorded as victories.

## SFPD CREW TROUNCES USF

On Sunday, May 16 the University of San Francisco inaugurated its rowing program at Lake Merced.

After all the presentations were completed, the newly formed USF crews featured some exhibition races against the SFPD crew. The races were great fun for all and the police crews rowed to

victory twice. Once in a 2000 meter run and secondly in a 1000 meter sprint.

The police crews were looking forward to the Police Olympics which will be held in August. If there is anyone out there who would be interested in participating, please contact Steve Wolf (Ext. 1385) after June 6th.

**CHALLENGE continued**

**MINIMUM MANPOWER PROPOSAL  
COULD BE SUBJECT OF INITIATIVE  
PETITION . . . .**

The Board of Supervisors present position is to place responsibility for decision making in the hands of the citizens, then it follows that a decision on public safety be made by the citizens also.

**SAFETY OF SAN FRANCISCO POSSIBLE  
NOVEMBER BALLOT ISSUE . . .**

The Board of Supervisors has made decisions on economic issues by stating that they have a mandate from the people. Then it is a simple solution to also bring the problem of inadequate police protection to the people for a decision also.

In bringing this issue before the public it is our position to fully explore the Supervisors failure to address themselves to the real problems that have caused the real or imagined fears of the taxpayers. We shall attempt to fully explore the main issues which the Board of Supervisors have been hiding.

hour on the street rounding them up and the next seven hours booking. In fact many of those booked were released prior to the wagon crew leaving the prison.

Talk about shoveling the manure against the tide. Why don't the merchants get on the judges and district attorney to do something about how to hold these people after they're booked?

In August of 1975 Supervisor Francois stated at a legislative and personnel committee meeting of the Board of Supervisors that: the communities which neighbor San Francisco place their indigents on busses and send them to San Francisco forcing

San Francisco to provide food, housing, and medical service. I doubt that the neighboring communities would send their indigents (needy) to San Francisco but their bums and derelicts without a doubt.

So Market Street merchants why don't you ask our popularity contest winners in City Hall what they are doing about this problem?

In closing I want to wish the "New Market Street Merchants Ass'n" the best of luck. For I too would like to return to the days when San Franciscans dressed up to go shopping downtown and when visitors realized that San Francisco's class was its people.

**D.A. WANTS POLICE ADDRESSES continued**

employees of your department. Would you please, therefore, direct an order to all such officials and employees to cooperate with our investigators and make available the information requested subpoena and will enable us to put this investigation behind us as soon as possible. I have been charged by Joseph Freitas with the conduct of all Voter Fraud investigations and prosecutions, and you should feel free to direct any inquiries to me personally. My telephone number in the Hall of Justice is 553-1895.

Thank you for your cooperation.

Very truly yours,

Timothy O. Stoen  
Assistant District Attorney

cc: Joseph Freitas, Jr., Esq.  
Daniel Weinstein, Esq.  
Mr. Ben Wood, Chief Investigator

The past abuses of authorized personnel record disclosures necessitated the inclusion of Section 28 in the 1971 Memorandum. Because of the nature of the police officer's role in contemporary society, his phone number and address of residency must be given the closest of security. The subpoena requirement safeguards the officer's right to privacy while allowing for the attainment of this information through the judicial process.

I therefore urge you to notify the District Attorney of the present restriction prohibiting the release of the information he desires absent a subpoena from a competent court of law.

Very truly yours,

President, S.F.P.O.A.

cc: Joseph Freitas, Jr.  
District Attorney

**Murphy's Meats**

by Gale W. Wright

Murphy's Meats is just one of several advertisers in this newspaper. And, like the others, they take their chances on how well the readers of this newspaper may respond to their ad.

But their product is different in that it is a

product all of us have something to do with almost everyday, — and that is eat MEAT.

Their meat products have proven successful with other large employee groups such as Chevron, Southern Pacific, General Electric, and Standard

Oil, to name just a few.

I frankly thought our members would respond better to Murphy's Meats, as they have tried so hard to make their product readily available to us.

Every month they print separate order blanks for the nine stations and the Hall. All you have to do is select the "packages" you want, write out a check, attach it to the order and forward these to the Mail Room at the Hall of Justice. All dates are clearly written, including just when delivery is made.

I've tried the products and found them to be good-looking, tasty and satisfying. Give Murphy's Meats a try this time and treat yourself and your family to great entree (or franks, or lunch meats, etc.)

All steaks are boneless and carefully trimmed. Pork and lamb chops are center cut. Almost all products are flash frozen, and packaged for easy storage in the average refrigerator/freezer. As always, satisfaction is guaranteed by Murphy's Meats.

**CALIFORNIA  
TROPHY &  
ENGRAVING Co., Inc.**  
\* \* \* \* \*  
84 Page Street  
San Francisco  
863-7801

**DOCTOR continued**

Members are warned that their right to select their treating physician must be exercised with great caution. If an employee selects his physician and then becomes dissatisfied with the treatment being provided, the employer recaptures control of medical treatment. The employee must be sure that the doctor chosen is both competent and qualified to treat the occupational injury involved.

Members are advised to contact the Association's Welfare Officer for more information on the Physician panel or for assistance in exercising this newly won right.

**MURPHY'S  
MEATS**

(415)  
468-1819

Employees' associations of the following companies: Chevron, Southern Pacific, Standard Oil, General Electric and Shell Western States are already using Murphy's Meats to save their members money.

You'll find using Murphy's Meats are worth paying less for.

The S.F.P.O.A. (the Constables) has made arrangements with the Murphy Meat Company to purchase USDA inspected quality portion controlled meats at wholesale prices (10% - 30% below market price). Members of the S.F.P.O.A. will receive order forms monthly from the Station Reps. Anyone else interested can receive information by calling (415) 468-1819.

There is a 100% guarantee on the quality of products.

The cuts available are listed in the order form. All steaks are boneless and carefully trimmed. Pork and lamb chops are center cut. All products are flash frozen with the exception of the bologna, boneless ham, salami and ground beef (which is fresh ground for you on the date of delivery). Each of the cuts is available in a package size which will fit into the average freezer/refrigerator. As always, satisfaction is guaranteed by Murphy's Meats.
